

IN THE UNITED STATES DISTRICT COURT FOR THE
EASTERN DISTRICT OF VIRGINIA

Alexandria Division

UNITED STATES OF AMERICA

v.

DAT QUOC NGUYEN,

Defendant.

Case No. 1:20-CR-265 (LMB)

STATEMENT OF FACTS

The United States and the defendant, DAT QUOC NGUYEN (hereinafter, "the defendant"), agree that at trial, the United States would have proven the following facts beyond a reasonable doubt with admissible and credible evidence:

1. From at least in or about May 2019 through at least in or about November 4, 2019, in the Eastern District of Virginia and elsewhere, the defendant did unlawfully, knowingly, and intentionally combine, conspire, confederate, and agree, to unlawfully, knowingly, and intentionally distribute 500 grams or more of a mixture and substance containing a detectable amount of methamphetamine, a Schedule II controlled substance, in violation of Title 21, United States Code, Sections 841(a)(1) and 846.

2. During the course and in furtherance of this conspiracy, the defendant was personally involved in the distribution of, or it was reasonably foreseeable to the defendant that his co-conspirators distributed or conspired to distribute in furtherance of the conspiracy, at least 5 kilograms but less than 15 kilograms of a mixture and substance containing a detectable amount of methamphetamine.

3. The defendant agreed with others, both known and unknown, to distribute peach tablets being held out as Adderall for monetary gain. The peach tablets were advertised as

Adderall through a darknet vendor using the moniker “addy4cheap.” The defendant agreed with others to ship drugs ordered from “addy4cheap” through the U.S. Mail nationwide using postage paid for with cryptocurrency, specifically Bitcoin. The peach tablets that the defendant and his co-conspirators distributed were a mixture and substance that contained a detectable amount of methamphetamine.

4. The Empire Market and Cryptonia are both darknet markets which are hidden commercial websites that operate on a portion of the internet that is often referred to as the TOR network, darkweb, or darknet. Between August 2019 and December 2019, law enforcement agents conducted 20 controlled purchases from “addy4cheap” on both the Empire Market and Cryptonia for a total of 767 peach tablets received weighing approximately 268 grams total. The tablets received by law enforcement had markings of “A D” and “30” which is consistent with known markings for 30 milligram Adderall tablets.

5. To avoid detection, the defendant’s co-conspirators (1) mailed drug parcels that did not have their true names and addresses listed as the return information, (2) deposited those parcels at various United States Parcel Service (“U.S.P.S.”) collection boxes in the Eastern District of Virginia, (3) handled packages in a manner to avoid leaving fingerprints, and (4) operated in the late evening or early morning hours. Packages mailed by the defendant’s co-conspirators resembled those obtained through controlled purchases made by law enforcement through “addy4cheap.”

6. On or about December 9, 2019, pursuant to a search warrant, law enforcement searched the residence of one of the defendant’s co-conspirators, Hon Lam LUK. In that residence, investigators found over 6,000 peach tablets weighing approximately 2.2 kilograms which resemble those advertised on “addy4cheap” vendor pages and those received by law

enforcement through controlled purchases. That residence also contained multiple envelopes, baggies, raisin boxes, a printer and other materials consistent with the packaging materials used in parcels obtained through controlled purchases from “addy4cheap.” Approximately 400 grams of MDMA tablets, marijuana, vape cartridges, a money-counting machine, and U.S. currency were also found.

7. Also on or about December 9, 2019, pursuant to a search warrant, law enforcement searched the residence of two other of the defendant’s co-conspirators, Tyler PHAM and Lien Kim Thi PHAN. In that residence law enforcement found 95 peach tablets resembling those advertised on “addy4cheap” vendor pages and those received during controlled purchases as well as 100 MDMA tablets. The peach tablets and the MDMA tablets were packaged in black foil bags similar to those received through law enforcement controlled purchases from “addy4cheap.” In that residence was also U.S. currency, two pistols, and one shotgun.

8. Pursuant to these search warrants, investigators also seized several electronic devices from the defendant’s co-conspirators. The seized devices contain communications between the defendant and co-conspirators concerning “addy4cheap” customer addresses, quantity of tablets ordered, correspondence with customers, and instructions for how to mail materials and for storing the supply of purported Adderall tablets, among other topics.

9. The defendant communicated with co-conspirators in person and by phone using various messaging applications. The defendant reviewed “addy4cheap” orders and sent co-conspirators lists of the names, addresses, and quantity of tablets for orders placed to be fulfilled.

10. The Empire Market lists “addy4cheap” as becoming a member on May 24, 2019. As of December 10, 2019, “addy4cheap” had completed 3,665 sales on the Empire Market and received 2,568 reviews. These reviews included negative feedback from different customers

stating that the tablets sold by “addy4cheap” were pressed and contained methamphetamine. Each review lists the total amount spent in U.S. dollars by the reviewing customer. Based on these reviews, as of December 10, 2019, “addy4cheap” had received approximately \$482,572.10 from its sales on the Empire Market for an approximate 44,872 pills sold. Cryptonia listed “addy4cheap” as becoming a member on June 29, 2019. As of November 7, 2019, “addy4cheap” had fulfilled 140 transactions on Cryptonia.

11. On August 26, 2020, the defendant was arrested and his backpack contained \$24,025 in U.S. currency.

12. This statement of facts includes those facts necessary to support the plea agreement between the defendant and the United States. It does not include each and every fact known to the defendant or to the United States, and it is not intended to be a full enumeration of all of the facts surrounding the defendant’s case.

13. The actions of the defendant, as recounted above, were in all respects knowing and deliberate, and were not committed by mistake, accident, or other innocent reason.

Respectfully submitted,

G. Zachary Terwilliger
